

NOTE: This year's event was impacted by the Angora Fire in the South Lake Tahoe area. Consequently, we modified the relay course to avoid the middle 12 legs of the course that traveled through South Lake Tahoe. This change reduced the total mileage by 55 miles from 178 to 123. The runners ran the first 12 legs and last 12 legs of the course and had an extended break in the middle. The relay was re-started early Saturday morning June 30 at Exchange Point No. 24.

Winning Mens' Team and Overall Champion
