

# RTO MASTER START TIMES 2026

List is current as of 5/15/2026

If your team **has** received a start time, please note the following:

If based on your projections, your team will reach Exchange Point 18 before 10:30 pm on Friday, May 29 and/or your team will reach Exchange Point 24 in Carson City before 2:30 am on Saturday May 30, please let us know and we will assign you a later start time. No teams will be allowed to advance from these two locations before these designated times.

All teams need to finish Saturday, May 30 by 4:00 pm. If there is any possibility that your team will not make certain Exchange Points before they close, we have ways to work with you so you will get to the finish line party by 4:00 pm. You might not run every leg but can have runners run some legs together to get their "legs" in. You still will earn your finisher's medal.

**Please email [RTOStartTime@renorunningcompany.com](mailto:RTOStartTime@renorunningcompany.com) if we need to adjust your start time to meet these important time parameters. This is the only contact that teams can ask questions or request start time changes. Any start time change requests sent to other Reno Running Company emails will not be accepted.**

If your team **has not** received a start time, one of the following may apply:

Your team is required to meet the volunteer requirements but your team has not done that yet;

Your team has not registered enough runners on the team to provide enough data (10K times for each runner, a total estimated time);

Your team has provided an estimate that is much faster or slower than the data you provided.
